

Los Angeles to Celebrate Benefits of City's Clean Drinking Water at Second Annual Tap Water Awareness Day

WHAT: City of Los Angeles' 2nd Annual Tap Water Day celebration, including the unveiling of a high-low drinking fountain and water filling station at City Hall East.

City and County officials will celebrate the city's second annual Tap Water Day LA at City Hall East, to highlight the City's clean, reliable drinking water. The new drinking water station is one of many new drinking/filling stations located throughout the City of Los Angeles, where residents can fill up their reusable water bottles with clean, cool, refreshing drinking water. LA has some of the highest quality drinking water in the nation undergoing a vigilant treatment and monitoring process through the Los Angeles Department of Water and Power's (LADWP) state of the art filtration plant.

Greg Good Director of Operations and Executive Officer for Mayor Eric Garcetti's Office of City Services and LADWP's Senior Assistant General Manager, Water Marty Adams will be joined by representatives from other city and county departments, and water organizations in unveiling the new drinking water station for the benefit of all residents.

Free reusable water bottles will be distributed to the public for a 'Water Toast' with "The Drop" LA's Water Conservation Mascot celebrating the many benefits of pure, clean, refreshing TAP water.
